## Education

---

Illinois State University Normal, IL

May 2021

**Double Major: Bachelor of Science in General Economics and Statistics**

Cumulative GPA: 3.8/4.0

**Minor in Business Administration**

*Illinois State Honors Program*

*Dean's List*

## Activities/Organizations

---

**Alpha Kappa Psi Professional Business Fraternity** Normal, IL

February 2019-Present

*Pledging Member*

- Exercise time management skills while scheduling 60+ interviews in the span of 9 weeks
- Create a business plan and running a business to generate profit 100% for donation
- Engage in professional development workshops to enhance professional skills

*Active Member*

- Fundraising Committee: reach out to local organizations to help organize different ways to raise funds for the organizations, along with coordinating/planning different fundraising activities around campus
- Investment Fund Committee: Researching different investment techniques to help prepare for the future of the organization as a whole as well as for its individual members.

**Honors Program** Normal, IL

August 2017-Present

*Member*

- Research techniques to improve critical thinking and leadership skills to apply to coursework and occupational settings
- Partake in honors contracts that enhance learning experience by completing a course specific project, taking up 12-15 additional hours of work

**Economics Students Association**

*Member*

- Enhance economics knowledge through workshops, networking, and site visits including the Chicago Federal Reserve

## Projects

---

**Honors Contract** Normal, IL

January 2019-Present

- Collaborate with my professor to construct a survey that tests conscientiousness. After the survey is distributed to the entire psychology department, I will utilize my statistical analysis skills to create a hypothesis based on the results

**Econometrics**

- Currently enrolled in an econometrics class focusing on non-theoretical study of the basic concepts of regression analysis and econometrics which emphasizes real-world applications and statistical computing using STATA

**SQL**

- Currently enrolled in an online course separate from Illinois State University where I am self-teaching SQL

## Work Experience

---

**Texas Roadhouse** Tinley Park, IL

February 2016-August 2019

*Line Cook/Food Prep*

- Demonstrated consistency and precision by perfecting different aspects of preparing a meal to the exact specifications
- Exercised teamwork skills by communicating with the rest of the kitchen on certain aspects of the meal.

**Julia N. Visor Center** Normal, IL

August 2019-Present

*Content Tutor*

- Aid students to further advance their knowledge and understanding in "Principles of Microeconomics"

**"Stick-it" Sticker Business** Normal, IL

February 2019-April 2019

*Founder*

- Founded a laptop sticker business where we marketed and sold stickers on campus. In four weeks, over \$1100 in profit was donated to Autism Mclean as a result of our success

*Treasurer*

- Recorded all transactions and profit over multiple payment methods and analyzed the data to find and prove successful sales methods
